CURATED LIVING TO GROW, REST, AND CONNECT"

Each residence starts from a spacious 370 sq.m. with layouts that prioritize flow, privacy, and everyday function. With 4-5 en-suite bedrooms, including a master suite with a spacious walk-in closet, a welcoming foyer, a second-floor family area, and a starting capacity of 3-car parking, every detail is made for comfort and convenience. Outdoor areas can be personalized whether you prefer a swimming pool, garden, or pavilion.

TIMELESS DESIGN

Inspired by timeless Neo-Classical elegance, ARCADE AUTOGRAPH features soft symmetry, clean lines, and warm modern touches. High ceilings and natural light create a sense of openness, while the refined interiors avoid excess, creating homes that feel sophisticated and comfortable to live in.

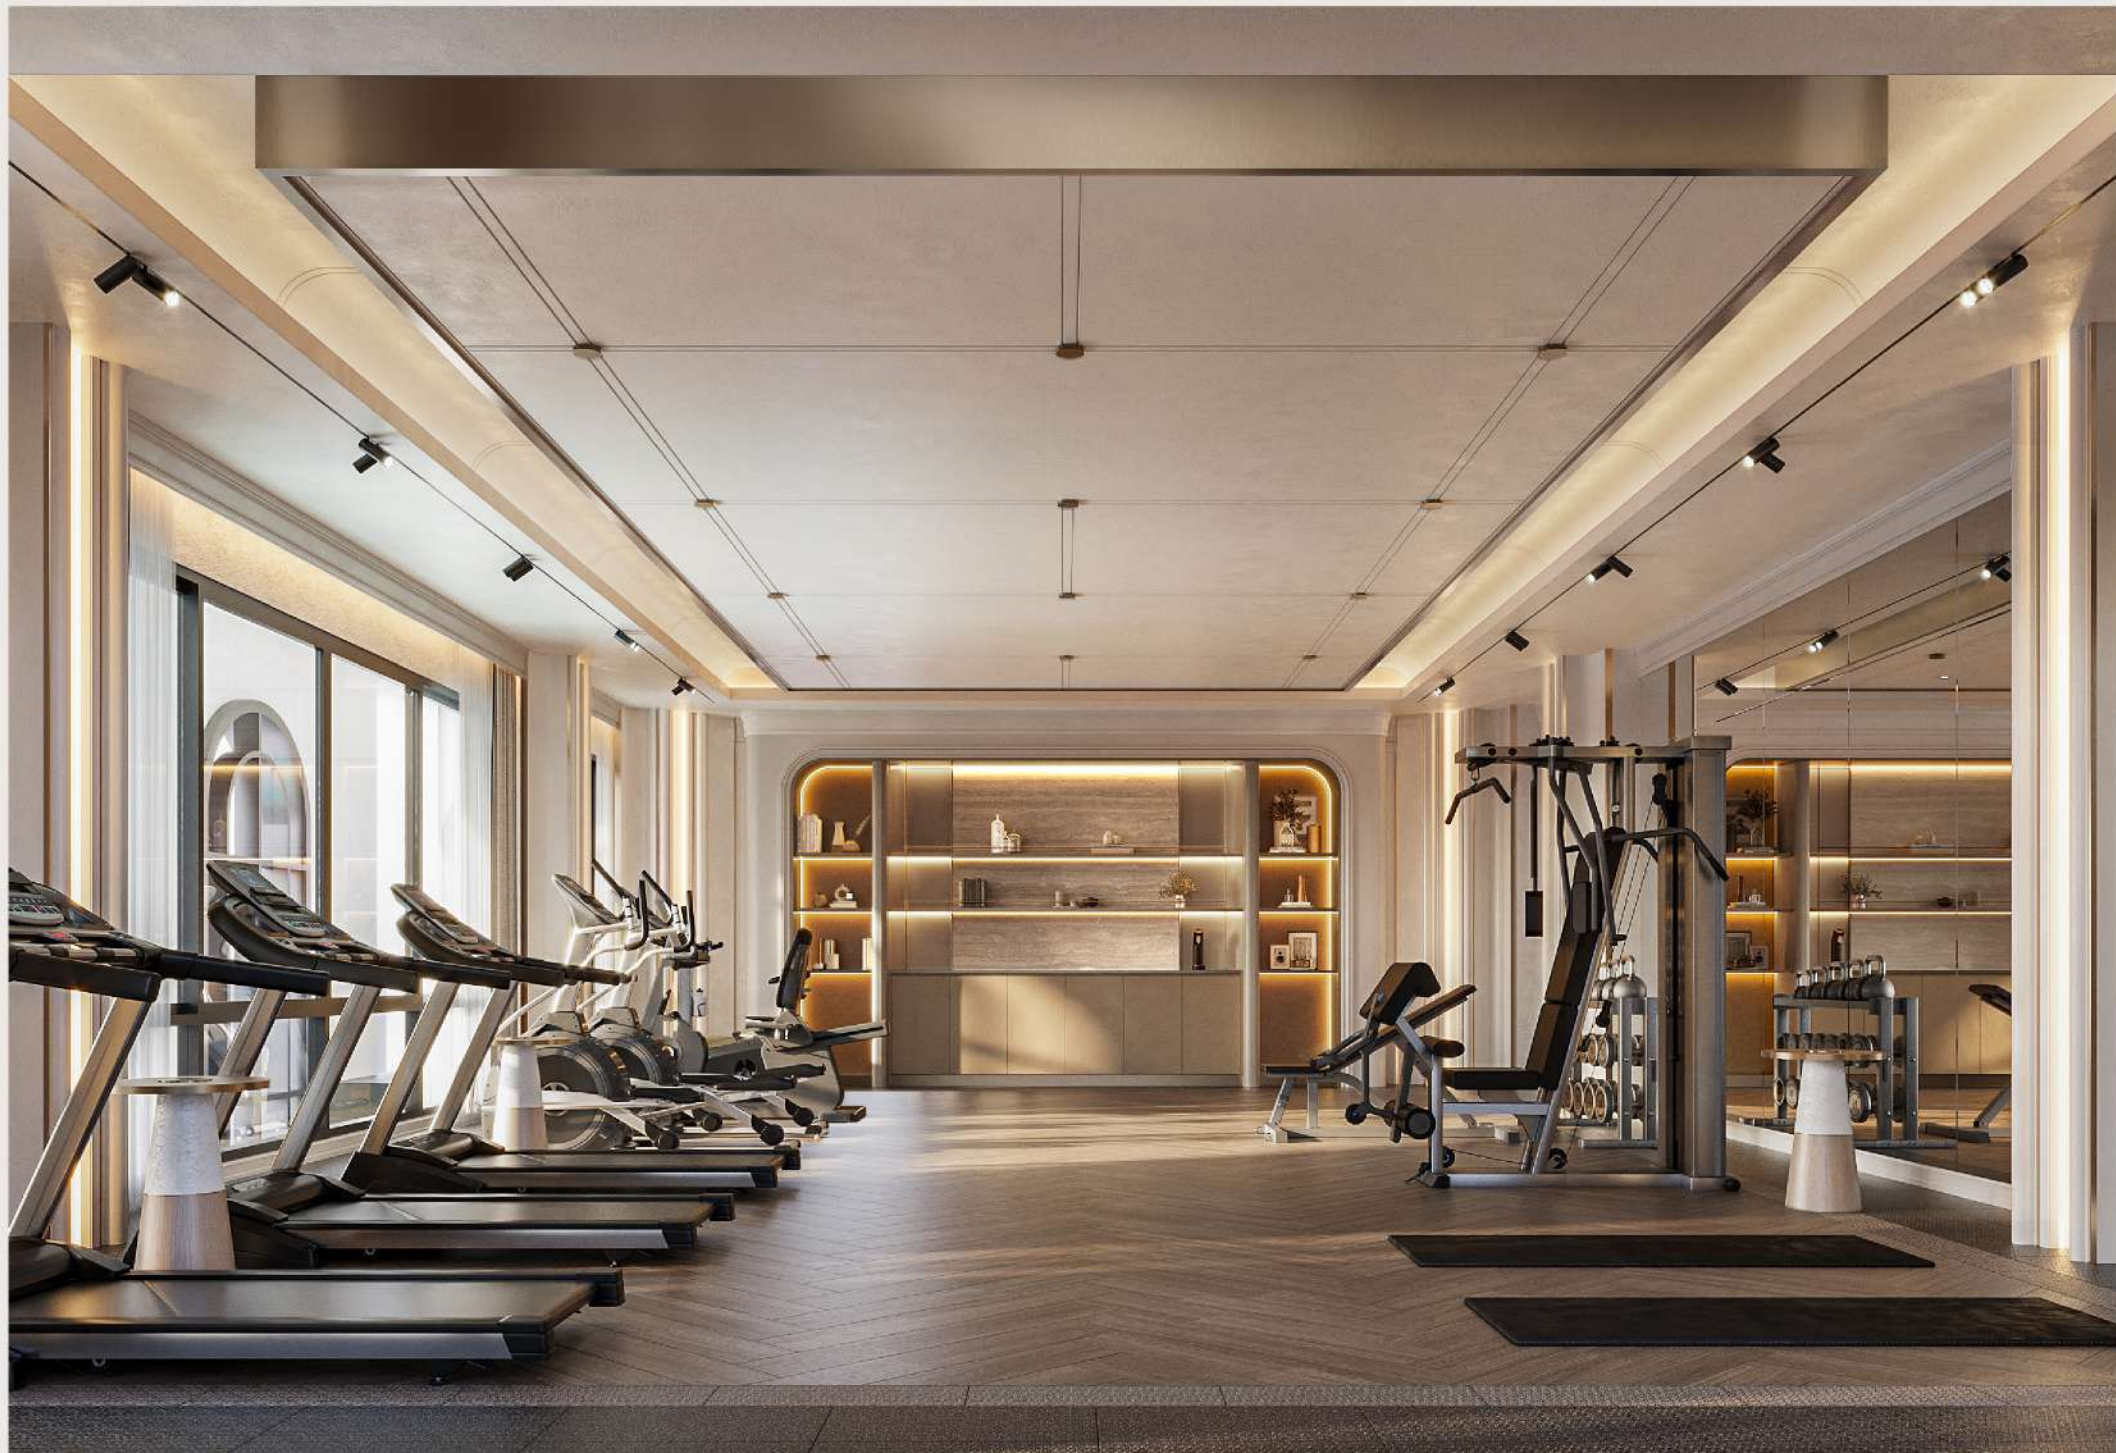

LIFESTYLE ELEVATED

From fitness to leisure, every detail is curated for comfort, beauty and ease, with amenities including an elevated clubhouse, a 25-meter saltwater pool with kid's pool, an indoor play space, a fitness studio, lush gardens and a creative playground. A superior underground electrical system ensures safety and uncluttered aesthetics, complemented by a gated entrance, 24-hour security and thoughtfully planned internal roads.
